WILL DEVELOP MARKETS FOR U. S. GOODS

(By Associated Press)

PHILADELPHIA, April 6.—Ways of developing foreign markets for American goods and setting up industrial plants to work and ships in motion are among the subjects for discussion at the national foreign trade convention to be held here May 10, 11 and 12. Between four and five thousand delegates, representing the industrial, agricultural, commercial, financial and shipping interests of the nation, are expected to attend. Many of the government's foreign trade advisers, some of whom will come from their posts abroad, are on the program for addresses.

"Greater prosperity through greater foreign trade" was the slogan sounded by James A. Farrell, president of the United States Steel corporation, in issuing the call for the convention, while "financing and expanding foreign trade" was announced as the basic theme for the meeting.

One of the big problems to be discussed, it was stated, is how to sell abroad the estimated 20 per cent surplus of American production over domestic consumption. This, it was asserted, spells the difference between prosperity for the American farmer, manufacturer, shipper and worker, and business stagnation and unemployment.

One of the general sessions will be devoted to questions relating to taxation and currency. The subjects will include "The effect of high taxation on the exchanges," "The factor of depreciated currency in competition," and "Why we must have foreign trade."

Shipping questions will be taken up at another general session under the heads of "The merchant marine," "Inland waterways as developers of traffic," "Shipbuilding prospects," and "Factors in rate fixing in marine insurance."

Topics covering nearly every phase and angle of foreign trade from the viewpoint of the manufacturer, the shipper, the banker and the exporter will be taken up at the group meetings.

President Farrell will give his views on "A foreign trade policy for Americans."

BUST OF PULITZER IS ON EXHIBITION

(By Associated Press)

ST. LOUIS, April 6.—A bronze bust of the late Joseph Pulitzer, owner of the St. Louis Post Dispatch and the New York World, has been placed on exhibition in Jefferson Memorial here by the Missouri historical society. Frederick Blaschke of Budapest, Hungary, was the sculptor.

TWINS INSIST WORK RESULTS IN LONGEVITY

(By Associated Press)

WOODVILLE, O., April 6.—William H. Sr. and Henry Burns, 88 years of age, who claim the distinction of being the oldest living twins in the United States and who recently celebrated their 88th birthday here after being residents of this village for almost 60 years, give the following recipe for longevity.

Hard work—and plenty of it.
Tobacco tobacco.
Don't worry or fret.
Smile at trouble.
Regular meals and sleep.
Live the Golden Rule.

The biggest thing in life, they say, is "keeping busy," and they have accumulated a tidy fortune by doing it.

A man without ambition is worse than a man without a country, in their opinion.

Neither twin has ever ridden in an automobile, they said.

Starting in business in 1864, in a general store, William was on the job every day, except for an occasional illness, until December 7, 1918, when fire destroyed the establishment.

Henry was his clerk one year, then his partner, and then launched in business for himself, building a gristmill in 1865. In this business Henry also established a record for work, being on the job continuously until 1921, when fire "retired" him.

Since quitting the store and mill the twins have devoted their time to their extensive holdings here, visiting their farms almost daily and "helping to do the chores and other odd and end jobs."

Born in Hanover, Germany, February 4, 1834, the Burns brothers came to America at the age of 18 years.

Both are married and have families.

Cleanup Day.

This will notify citizens of Tonopah that cleanup days this year will be on April 11, 12 and 13. All residents are requested to rake up the debris in their yards and place same in piles conveniently located, that it may be removed by trucks on the days in question.

NEW APPEARING MONEY PROVED TO BE GENUINE

(By Associated Press)

SPOKANE, April 6.—Fear of a bogus money epidemic in Spokane was aroused here recently when a large number of bright, shiny coins of old dates, suddenly appeared in circulation. The fear was dispelled when an investigation brought out the fact that the money had passed through a local hotel here which sends all the money it received to a "laundry."

For years this hotel made a practice of getting new money from the mint so it could hand out clean bills and coins to its customers in change. Some time ago the mint was unable to supply new money so the hotel assigned an employee, who shines the table silverware, to use the polish on the old quarters, halves and dollars.
